

CamCon

Deliverable D5.2.1

Distribution plan for educational products

Work Package 5, 'From Science to Industry'

Distribution plan for educational products

The e-learning program will be presented and demonstrated, and the Best Practice Manual and Draft Certification Program handed out to the participants of the CamCon stakeholder seminar in Copenhagen April 14th 2015.

Following this presentation, the Manual and Program will be sent as hard copies with the cover letter to all members of the distribution list below.

Distribution list

MAJOR EUROPEAN POULTRY COMPANIES:

Austria

Wech Geflügel, Lavanttal, www.wech.at

Bulgaria

Gradus, Stara Zagora, www.gradus.bg

Croatia

Vindija Group, Varazdin, www.vindija.hr

Czech Republic

Agrofert Holding, Vodnany, www.agrofert.cz

Denmark

Danpo, Farre, www.danpo.dk

HKScan Denmark, Vinderup, www.rosepoultry.dk

Finland

HKScan, Turku, www.hkscan.com

France

Duc, Chailly, www.duc.fr

Euralis, Maubourget, www.euralis.fr

Fermiers du Sud-Ouest, Saint Sever, www.fermiers-so.fr

Gastronome, Ancenis, www.gastronome.fr

Groupe Agrial, Caen, www.agrial.com

Groupe Doux, Chateaulin, www.doux.com

Groupe Glon, Pontivy, www.groupe-glon.com

LDC, Sable sur Sarthe, www.ldc.fr

Tilly-Sabco, Guerlesquin, www.tilly-sabco.com

Triskalia, Landerneau, www.triskalia.fr

Germany

Gebrüder Stolle, Visbek, www.stolle.de

Heidemark Mästerkreis, Ahlhorn, www.heidemark.de

PHW Group, Visbek, www.phw-gruppe.de

Sprehe Gruppe, Cloppenburg, www.sprehe.de

Velisco, Rot am See, www.velisco.de

Greece

Pindos, Rodotopi Ioannina, www.pindos-apsi.gr

Hungary

Master Good, Kisvarda, www.mastergood.hu

Italy

Agricola Italiana Alimentare (AIA), San Martino Buon Albergo, www.aia-spa.it

Amadori, San Vittore di Cesena, www.amadori.com

Lithuania

KG Group, Kaunas, www.www.kauna-grudai.lt

Netherlands

2 Sisters Storteboom, Cuijk, www.storteboom.com

Nutreco, Amersfort, www.nutreco.com

Plukon Royale Group, Wezep, www.plukon.nl

Norway

Nortura, Oslo, www.nortura.no

Poland

Cedrob, Ciechanow, www.cedrob.com.pl

Drobex, Solec Kujawski, www.drobex.com.pl

Drobimex, Szczecin, www.drobimex.pl

IKO Kompania Drobiarska, Wielichowo, www.iko-kompania.com.pl

Indykpol Capital group, Olsztyn, www.indykpol.pl

Portugal

Interaves, Abrigada, www.interaves.pt

Romania

Agricola International Romanian, Bacau, www.agricola.ro

Spain

Coren, Santa Cruz de Arrabalde, www.coren.es

Banham Poultry Ltd., Attleborough, www.banhampoultryuk.com

Bernhard Matthews Holdings, Norfolk, www.bernhardmatthews.com

Cargill Meats Europe, Hereford, www.cargill.com/company/businesses/cargill-meats-europe/index.jsp

Crown Chicken, Norwich, www.crownchicken.co.uk

Faccenda Group, Brackley, www.faccenda.co.uk

Moy Park Ltd., Craigavon, www.moypark.com

POULTRY PRODUCER ORGANISATIONS:

a.v.e.c. (Association of Poultry Processors and Poultry Trade in the EU countries), Brussels, www.avec-poultry.eu

COPA-COGECA (Committee of Professional Agricultural Organisations in the European Union and the General Confederation of Agricultural Co-operatives in the European Union), Brussels, www.copa-cogeca.be

EU AUTHORITIES/AGENCIES:

DG SANCO, Brussels, http://ec.europa.eu/dgs/health_food-safety

EFSA, Parma, www.efsa.europa.eu

NATIONAL COMPETENT AUTHORITIES:

CVOs of EU Member States

CVOs of Iceland, Norway and Switzerland

From science to industry

In 2010 a research project on *Campylobacter* control in primary poultry production was launched, financially supported by the European Union's Seventh Framework Programme (FP7/2007-2013) under grant agreement no. 244547.

The project – with the acronym **CamCon** - aims to improve the control of *Campylobacter* in primary poultry production in various parts of Europe and thereby enable the production of “low-risk broilers” with respect to contamination with *Campylobacter*. It is carried out by a consortium of 10 participants from seven countries, including national diagnostic laboratories, institutions providing research and advisory services, and universities.

The project places great emphasis on ensuring rapid and effective dissemination of scientific achievements to end-users, in particular the EU poultry industry. As the project is now close to completion we are pleased to share with you some of the outcomes of the CamCon project that are targeted at the poultry industry.

Two of these – a Best Practice Manual and a Draft Certification Program – are enclosed. Biosecurity forms a central part of the procedures for *Campylobacter* prevention at poultry farms. The **Best Practice Manual** aims at highlighting and explaining these procedures in a way that can be implemented directly by the poultry industry. It is important to stress that this manual cannot stand alone, but should be integrated in existing producer guidelines and quality programs for poultry meat production. The **Draft Certification Program** should be seen as a help to quality managers and farm advisors of poultry producing companies that have intentions of introducing and documenting farm measures to reduce the risk of *Campylobacter*.

A third output from the project is a comprehensive **e-learning program** on *Campylobacter* and biosecurity that may be used by poultry producers and poultry advisors to train and educate farm staff. This tool is available at the CamCon website www.camcon-eu.net where you may find other useful information from the project as well.

It is our hope that you may find these tools useful in your work with food safety in the production of poultry meat.

On behalf of the project

Merete Hofshagen
Project Coordinator

Mogens Madsen
Work Package Leader
